MEMORIA DE PUBLICACIONES DEL DEPARTAMENTO DE BIOLOGÍA 2017

La presente Memoria de Publicaciones 2017, elaborada por la Biblioteca de Ciencias, viene a dar cuenta de los resultados de la investigación realizada a lo largo de 2017 por los profesores e investigadores del Departamento de Biología.

El Departamento de Biología, ha generado 184 publicaciones, de las que 158 son artículos científicos. De éstos, un total de 79 se han publicado en revistas del primer cuartil. Alcanzando el 50%; la diferencia con la media de la Facultad se debe, probablemente, a que ha publicado un gran número de artículos en revistas españolas que o no tienen factor de impacto o, si lo tienen, no corresponden al primer cuartil - Q1.

Evolución publicaciones en el Departamento	-15,21%
Evolución publicaciones de la Facultad	-20,71%

Hemos comprobado una importante modificación en los indicadores de calidad 2017 de muchas revistas, en la mayoría de los casos la modificación en el cuartil ha sido a la baja.

Dónde publica el Departamento

Se ha publicado en un total de 118 revistas. Siendo éstas las que han recibido un mayor número de artículos:

Zootaxa (7 artículos)

Plos One (5 artículos)

Conservación vegetal (5 artículos)

METODOLOGÍA

La presente Memoria de Publicaciones, extrae la información del Portal de Producción Científica de la UAM.

Tras un proceso de verificación y depuración se generó una primera versión y el 12 de marzo se remitió a los directores de los 16 departamentos para su revisión.

Se reciben propuestas de modificación de 12 de los 16 departamentos que, una vez validadas, se incorporan a la versión final, junto con las nuevas incorporaciones detectadas por la biblioteca.

Una vez finalizada la revisión, se analizan los datos relativos a indicios de calidad de las publicaciones incorporándose al presente documento.

Se incluyen tablas comparativas (2016-2017) de cada Departamento, tanto con sus resultados como con la media de la Facultad, en lo referente a: investigadores, publicaciones, artículos con factor de impacto, porcentaje de artículos publicados en revistas del primer cuartil y ratios de publicación.
